### CHEATY MAGES

From across the land, spectators come to watch the arena battles of mythic creatures, and many coins hinge on the results! As a powerful mage, you have the chance to influence the outcome through arcane means. But beware! Other practitioners of the arcane may be in attendance as well, and have their money riding on other fighters. Cheaty Mages is a fast and fun betting game from famed Japanese designer Seiji Kanai (*Love Letter*, *Mai Star*). Scheduled to ship in October 2013.

### THUNDERSTONE ADVANCE: NUMENERA

Enter a New World of Adventure! Driven out of Tala, Doom sought out another world to conquer and a new method of doing so. It found the Ninth World, Numenera. Home to heroes and monsters unlike any seen before, Numenera plays host to Doom's attempt to seize control by taking the form of a virus, infecting those now known as Doomlads. Can the heroes survive when potentially anyone, or anything, could be a servant of Doom? *Thunderstone Advance: Numenera* takes the adventure of *Thunderstone* to the world of Monte Cook's *Numenera*! Scheduled to ship in October 2013.

## APE GAMES

### ISLAND SIEGE

A card-driven game of colonization in the West Indies, players in *Island Siege* build forts using stones from their supply, then move colonists to populate it. Colonists in turn construct buildings and ships, which then house the colonists and provide players with special abilities, while ships are sent to lay siege to the opponent's forts. But, be careful! Whenever a fort is destroyed by an opponent's fleet all of its colonists and the buildings behind the fort are removed from play! Scheduled to ship in September 2013.

**O/A OPERATION SKORPION**  
Battleground, North Africa, May 26, 1941 - The recent Allied attack to relieve the Tobruk garrison, "Operation Brevity," had been largely a failure. However, it left them in possession of the strategically important Halfaya Pass, the gateway to Egypt. German General Rommel recognized the need to recapture this terrain in order to stabilize the front, launching three panzer battalions plus supporting units to sweep the British from the field.

**COIN SERIES VOLUME 2: CUBA LIBRE - CASTRO'S INSURGENCY**

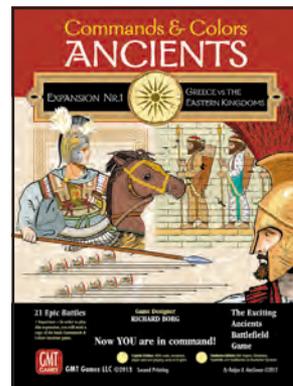

In December 1956, paroled rebel Fidel Castro returned to Cuba to launch his revolution with virtually no political base. Two years later, through masterful propaganda and factional maneuvering, Castro, his brother Raul, and iconic revolutionary Che Guevara had united disparate guerrillas and exploited Cubans' deep opposition to their dictator Fulgencio Batista y Zaldívar. Castro's takeover of the country became a model for Leftist insurgency. Utilizing the innovative COIN system, *Cuba Libre* Volume 2 can be played as a solitaire campaign or with multiple players. Scheduled to ship in August 2013.
